Rheumatism is caused by an excess of uric acid in the blood, which gradually gets into the circulation because of indigestion, constipation, weak kidney action, and other irregularities of the system which are sometimes considered of no importance. This uric acid causes an inflamed and irritated condition of the blood, and the circulation instead of nourishing the different portions of the body, continually deposits into the nerves, muscles, tissues and joints, the irritating, pain-producing acid with which it is filled. Rheumatism can only be cured by a thorough cleansing of the blood, and this is just what S. S. does. It goes down into the circulation, and by neutralizing the uric acid and driving it from the blood, effectually and surely removes the cause. S. S. S. strengthens and invigorates the blood so that instead of a weak, sour stream, causing pain and agony thoughout the system, it becomes an invigorating, nourishing fluid, furnishing health and vigor to every part of the body and relieving the suffering caused by this disease. S. S. being a purely vegetable blood purifier, is the surest and safest cure for Rheumatism in any of its forms. Book on Rheumatism and any medical advice desired sent free to all who write.

There is no better cure for billousness or any of the symptoms of liver trouble than Dr. Caldwell's Syrup Pepsin, the wonderful laxative tonic of which so much praise is heard. It is pleasant to take (unlike pills and powders and such things) and acts very gently, moving the bowels without griping, toning the stomach and arousing the liver to activity, thus scientifically curing such conditions as billousness, torpid liver, foul breath, sallow or pimply complexion, sick headache, constipation, loss of appetite, indigestion, stomach nervousness, etc., all of which are due to a slow liver.

The Modesty of Women

Naturally makes them shrink from the indelicate questions, the obnoxious examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the woman undergoes all the annoyance and shame for nothing. Thousands of women who have been cured by Dr. Pierce's Favorite Prescription write in appreciation of the cure which dispenses with the examinations and local treatments. There is no other medicine so sure and safe for delicate women as "Favorite Prescription." It cures debilitating drains, irregularity and female weakness. It always helps. It almost always cures.

"Favorite Prescription" is strictly non-alcoholic, non-secret, all its ingredients being printed on its bottle-wrapper; contains no deleterious or habit-forming drugs, and every native medicinal root entering into its composition has the full endorsement of those most eminent in the several schools of medical practice.

Some of the numerous and strongest of professional endorsements of its ingredients will be found in a pamphlet wrapped around the bottle, also in a booklet mailed free on request, by Dr. R. V. Pierce, of Buffalo, N. Y. These professional endorsements should have far more weight than any amount of the ordinary lay, or non-professional testimonials.

The most intelligent women now-a-days insist on knowing what they take as medicine instead of opening their mouths like a lot of young birds and gulping down whatever is offered them. "Favorite Prescription" is of KNOWN COM-POSITION. It makes weak women strong and sick women well.

Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send to Dr. R. V. Pierce, Buffalo, N. Y., 31 one-cent

stamps for cloth-bound copy. If sick consult the Doctor, free of charge, by letter. All such communica-

tions are held sacredly confidential. Dr. Pierce's Pleasant Pellets invigorate and regulate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy

There is nothing so remarkable in the present wheat situation. Germany's leading grain exchange its official annual report takes cog nizance of the reduction in consum on as the result of depressed indus ial conditions and high prices America has still higher prices, bu not nearly as acute causes for restrict ed consumption, and wheat bread does not classify as a luxury as it doe in the countries where rye, potatoe and other foods are such leading sta ples. Nevertheless, except foh soft winter wheat, which just now is arce or highly prized by its owners there is hardly a point where supplie

re not fully normal. The high prices of red winter have irned much of the milling trade to hard winter wheat, a developmen that the leading owners had predicted and, except in generally advanced prices, the only point where the bullsh forecasts of one to three months

go have been made good.
The difference of about 90c pe rl. in the average price of exclusively hard and exclusively soft winter wheat flours and the result of it as ust shown, indicates that price is a onsideration with the distributing uyer of flour, whether the ultimate sumer is affected or not.

Although not sworn in as senator, Colonel Langdon's political duties were already pressing. A few days after Congressman Norton's visit he sat in his library conferring with several prominent citizens of his county regarding a plan to ask congress to appropriate money to dredge a portion of the channel of the Pearl river, which would greatly aid a large section of the state.

"Good day, senator," spoke Sanders, the boss of seven counties, as he en-tered. Glancing around the room, he continued, bending toward the colonel and muffling his now whispering voice with his hand: "I want to speak to you alone. I'm here on politics." "That's all right, but these gentle-

Fifty Cents' Worth of

STUTZ CANDIES

Free Every Month For Six Months

SOUNDS almost too good to be true, doesn't it? But that is precisely what we are doing. And when you read how we do it below, it's safe to say you will be delighted, if there is anyone at your house who has an unsatisfied "sweet-tooth"—and perhaps you yourself have?

You see it's this way. We were casting about for a premium to give our subscribers which would be different from the usual offerings. We wanted something of which the subscriber, as well as ourselves, knew the absolute value, something which even the daintiest woman would appreciate, and something to give you each month. That's how we happened to make this contract with STUTZ'S COLUMBIA—the place which makes and sells the pure, delicious candies, the refreshing drinks, and choice tropical fruits.

Mr. Stutz, you know, has an ambition to make the finest candies it is possible to make—and those who have tried them, and are competent to judge, say that he sells the daintiest, most toothsome morsels of sweetness at 25c, 40c and 50c a pound, which they have ever tasted. Mr. Stutz says their lingering richness is due to the great care given to the selection and blending of absolutely pure ingredients in his model kitchens but we believe there must be something else added to make these goodies so delightful. At any rate, we know the "taste" is there and so will you.

This Is What We Give You

We have accomplished the happy combination of replenishing each four weeks for twenty-four weeks your supply of a dainty, which we know will sadly need replenishing and, at the same time, boosting one of our foremost home industries.

Each four weeks, for twenty-four weeks, when you have paid your 40c, we give you TWO COUPONS, EACH GOOD FOR TWENTY-FIVE CENTS on the purchase price of 50c worth of any of SIUTZ'S 25c, 40c or 50c CANDIES, CHOCOLATES or BON BONS, the other 25c to be paid in cash. You don't have to pay us in advance. You don't pay one p nny more for the paper than the regular price of 10c a week. It makes NO DIFFERENCE WHETHER YOU ARE AN OLD OR NEW SUBSCRIBER.

You merely agree to take THE SUN, the best paper published in Western Kentucky, for twenty-four weeks. That's all. You pay only the regular price of 10c a week, for twenty-four weeks. Whenever you finish paying 40c, you get the two 25c coupons, attached to your receipt. Each one of these coupons, when accompanied by 25c cash, buys 50c WORTH OF THAT DELICIOUS STUTZ CANDY, of either the 25c, 40c or 50c grade. Now, that's clear. If you like it, just sign your name and address on the corner coupon and mail it in to us, or call either phone 358 and a representative will call and more fully explain all the particulars to you.

25c In Laundry at the

New City Laundry

Free Every Month For Six Months

WHEN we first started this proposition, it appeared to us right away that many of our men subscribers might not care for the candy and we had to hunt around and find something equally good to give them, for we were determined to have a premium for every man and woman in the city. We wanted a household necessity and have it. Here it is: We Give You 25c Worth of Laundry Work at The New City Laundry Each Four Weeks For Twenty-Four Weeks.

Just that. You pay the regular price of 10c a week for twenty-four weeks; no more. Pay it by the week, by the four weeks or in advance and when you have paid the full 40c we give you a receipt to which is attached a coupon which is good for 25c in payment for not less than \$1.00 worth of laundry work which shall have been sent to that laundry and payment made therefor during the four weeks covered by your receipt and coupon. Thus, you get THE SUN for 15c a month.

The New City Laundry, you know, is a comparatively young business, with brand new equipment of the most modern sort and their work has come to be the accepted standard of quality among discriminating people. It goes without saying that we recommend their work most highly, else we should never have made this contract with them, for THE SUN seeks the stamp of recognized quality on everything which it puts out.

This Contract Explains Bow We Give You Free Laundry Work
